## INTERESTS

Eagle Scout, Michael Lewis (Moneyball), New York Pizza, close up magic, basketball

## SKILLS

Ruby, Rails, React, Redux, Java, HTML, CSS/SASS, JavaScript, jQuery, PHP

## PROJECTS

### **Staccato** | (PHP, HTML, CSS, JavaScript, mySQL)

[live](#) | [github](#)

a music streaming web application inspired by Spotify

- Used AWS S3 to store music files online and improve scalability
- Implemented search feature to allow user to query the database for matching songs, albums, and artists
- Used audio element properties to play, pause, mute, and skip individual songs
- Created a dynamic single page application with seamless transitions

### **Beat It** | (JavaScript, HTML, CSS)

[live](#) | [github](#)

an interactive, online drum kit

- Built a virtual drum kit with computer keys connected to different notes
- Used query selectors and event listeners to make page respond to user input

### **SleepyTetris** | (HTML, CSS, Canvas, JavaScript)

[live](#) | [github](#)

a Tetris based game to help people fall asleep

- Used Canvas and Javascript to build the game's physics and logic
- Built algorithm to generate random pieces
- Designed user experience to minimize bright colors and blue light to help player fall asleep

## EXPERIENCE

### **Financial Services Professional**

New York Life

Oct 2015 - May 2018

- Built customized portfolios with non-correlated assets to provide clients with an average of \$70,000 annual tax-free retirement income
- Doubled personal production and reduced client meeting time by 50% in one fiscal year
- Maintained 95% client persistency compared with an industry average of 57%

## EDUCATION

**BS- International Economics** - Georgetown University

Graduation: May 2015

**Full Stack Developer** - App Academy

2018
